Course Descriptions:

POSC 101: 3cr. Examines the structure and operation of the national government, the meaning and practice of democracy, the various power relationships, civil liberties, and civil rights, as well as the American method of conducting elections. The role of citizens and their choices is also examined.

ENG 101: 3cr. First course in two-semester English sequence focuses on expository writing and closely related activities of critical reading and thinking. Primary attention given to formal elements of short essays based upon or incorporating documented source material.

MUSI 187: 3cr. The course seeks to deepen students' understanding of modern society and culture through the examination of rock and roll music. The development and evolution of the music's diverse styles are explored within the context of sociological and political events.

BIO 107: 4/5cr. Introduction to basic principles and concepts of biology to support sound personal and social decisions. Areas of emphasis include evolution, molecular biology, genetics, cell biology, biotechnology, and medicine. Note: Students with two (2) or more years of high school biology are recommended to take BIOL 111, BIOL 112. Prerequisites: E, M, R

HIST 202: 3cr. United States history from Reconstruction to the present. Topics include conquest of the West, industrialization and its impact, various movements to reform America and the increasingly important role this country plays in the international community. Special attention is paid to the modern legacy from America's past

PSYC 203: 3cr. Physical, cognitive, social, and emotional development from conception through death. Emphasis upon factors influencing the development of personality. Prerequisite: PSYC201

SOC 201: 3cr. Contemporary social problems and related rehabilitative and ameliorative resources and approaches in solving problems, with emphasis on problems of inter-group and inter-culture conflicts regarding differing beliefs and value systems.

COMM 101: 3 cr. Beginning course in public speaking dealing with application of basic principles and practices of effective speaking. coursework includes oral presentations and practical applications of speech communication theory.
